

AIRC Placement Program

Looking for a career in Veterinary Nursing but can't find placement? AIRC has created a placement program for ACM20110 Certificate II in Animal Studies to help get you work-ready and gain your qualification at the same time!

How does the program work?

All students will complete an interview process to gain entry. Once accepted you will complete part of the theory component of the qualification. AIRC will host a 5 day "work-preparation program" to do some initial assessments and get you ready for your work placement. You will then be placed in a veterinary clinic to complete a 4 weeks work experience. You will then finalise all assessments and complete the course.

The aim is to complete the course and be work-ready! AIRC provides you with a *BONUS* Nursing Pack including scrub top, stethoscope and nurse pouch.

Program duration

Course duration is approximately 6 months.

Intake dates

AIRC accepts entry into this program several times a year.

Eligibility criteria

Applicants must:

- Be an Australian resident
- Have completed Grade 10 or equivalent
- Hold a valid drivers licence and own transport
- Be available to complete 1 week face to face training and 4 weeks of placement in a veterinary practice

Why enrol in this program?

- Complete the course faster than normal
- Placement organised for you by AIRC
- Additional face to face learning support
- Affordable introductory price: \$3200 (*Hurry! Limited time only!*)

Want to apply?

Complete the Enquiry Form on page 2 and return to AIRC:
